

14 September 2020

Parent/Guardian:

Your child is currently studying global supply chains in Business & Economics this term and during their final lesson in Week 10 will be watching the movie *Blood Diamond*; it contextualises some of the global supply chain issues relative to the diamond trade and provides a great consolidation of some of the unit themes of globalisation and multinational corporations.

This movie is rated MA15+ for adventure/war themes and coarse language.

If you have a concern with your child viewing this movie, please contact the class teacher – Susan McCowan - using susan_mccowan@mercymackay.qld.edu.au.

For further information, please do not hesitate to contact me.

Regards

Mrs Tanya Bugeja
Head of Department, Humanities

Mr Jim Ford
Principal
